

## **CUBE Tech Fair, 2018**

[CUBE](#), the strategic liaison between deep-tech startups and corporates is proud to present the second edition of [CUBE Tech Fair](#).

At Arena Berlin, on May 15th and 16th, we will bring together 200+ B2B tech startups from over 38 countries with a curated network of corporate partners and key influencers. No pitches, no booths, just demos, interactive exhibitions, focused match-making and business talks.

You will get the chance to talk to selected speakers in exclusive interviews, gain first-hand experience of products developed by the 200 startups exhibiting new solutions in **Blockchain, Cybersecurity, AI & Automation, Sustainability, Physical to Digital World** and more.

The program places an emphasis on the hottest tech trends and speakers you will seldom find on stage elsewhere. Our participants can expect keynotes, panel discussions and open-participation speaker sessions on two stages.

### **ABOUT CUBE**

CUBE ([www.cube-global.com](http://www.cube-global.com)) is a global matchmaking network for top B2B technologies and corporates who are determined to shape the future of industry 4.0. With a deep understanding of startups and corporations and their vastly different cultures, CUBE connects these unlikely partners through a network of touchpoints worldwide, and acts as the most efficient B2B matchmaking service available. Through a year-round program CUBE also offers Industry and startups a space to collaborate via its Cooperation Space in the heart of Berlin. Highlight event of the year is the CUBE Tech Fair in May 2018, an exclusive event, that brings global visibility to the most important industries in startup innovations by promoting projects between leading industry players and startups. CUBE was founded in June 2016 with Dr. Torsten Oelke as executive chairman and global founding partners Bayer, VW and Messe Berlin.
